# How Auggiedog Poop Pick Up Tool Works

## Walking

Adjust the telescopic adjustable shaft to the desired length

## Pickup

Hold the comfortable handle grip and lower the barrel opening over the doggie poop

Select the "Collect and Lift" switch

Push the "Pickup/Release Button" located on the underside of the handle

## Dispose

To dispose of waste, position the open end of the [auggiedog](#) <sup>[1]</sup> over a waste container or toilet

Select the "Empty Lower" switch

Push the Pickup/Release Button

The augger will rotate and eject the waste

## Storage

Place the auggiedog in the Clean Station until the next use
